NEW ATLAS ARABIA CONTRACTING COMPANY (NAACC)

works jointly with International alliances providing Innovative technology and solutions to meet the challenges of the local requirements. Although our vision is international, we have strong roots in the Kingdom of Saudi Arabia & Bahrain. We firmly believe that we owe an obligation to the society and community locally. We hereby encompass our services and serve the whole Petro Chemical and Oil & Gas Industries in and around the Middle East & Asian Countries in the following disciplinary.

Corporate Off:

- Post Box # 918,
Building # 3094, Oraifi Industrial Area – 8706,
Al Jubail – 35525, Kingdom of Saudi Arabia
- +966 13 362 7955
- +966 53 219 3555, +966 54 277 2621, +966 57 138 8812
- info@newatlasarabia.com

Head Office:

- Manama, Kingdom of Bahrain
- +973 33 103 555, +973 32 040 888

UPGRADING & INTEGRATION FOR ANALYZER AND INSTRUMENTS

CEMS Analyzer system integration and Site Installation

Water Quality (O₂, DO, pH, TOC, Chlorine, Conductivity etc.) and all major Analyzer & Sampling system Integration and Site Installation

Revamping sampling system of Analyzers

Total Nitrogen & Sulfur Online Analyzers

Online physical property Analyzers Online Oil in Water Analyzers Online Water in Oil (Water Cut) Analyzers WOBBE index Online Analyzer Density Analyzer Online Viscosity Analyzer Online TOC Analyzer

One stop TURNKEY

solution for Design, RETROFIT - revamping, Integration, Site Installation & commissioning of entire types of Analyzers, sampling systems and field instruments. STOCKIEST for Specialized enclosures, JB, Industrial Shelters for major classes and zones

INDUSTRIAL LABORATORY SERVICES & SOLUTIONS

Complete design of Laboratory along with furniture installations

Gas Purification Filters

Complete Gas Distribution Systems (GDS) - Design & Installation

INDUSTRIAL TURNKEY SOLUTIONS & SERVICES

Installation of Industrial downstream equipment viz Stretch hoods, Conveyor systems, Check weighers and metal detectors etc.,

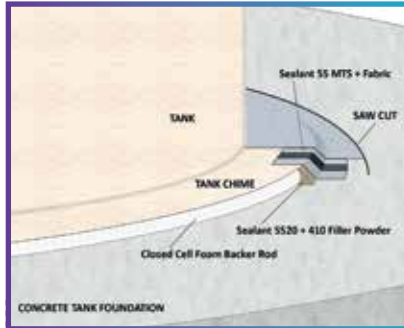

Kebu – Germany Offers soil to air interface, Wrapping & Sealing for high temperature & abnormal pressure pipes and other special solutions for pipe lines

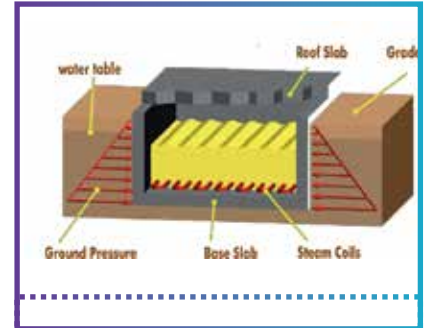

Flextech Seals (USA) Offers Seal Fabric For High Temperature Expansion Joints

RETROFIT – Civil structural strengthening with CFRP solutions

BLOME – USA OFFERS TANK CHIME (TANK ANNULAR) CORROSION CONTROL SYSTEM

BLOME – USA Provide Challenging Application Solutions for Sulphur Pit

Refractory maintenance & Insulation Services

Explosion Proof Solutions with Supply & installation for major Project needs

SEMI-STRUCTURAL WELDING SOLUTIONS & SERVICES

Non-metallic GRP composite materials

Customized Shelters fabricated as per Client requirements

45+ years life with NO Corrosion – UV resistant

Non-influenced by ambient temperature Comparatively less AC power

Non effected by hazardous classified zones best suited for Oil & Gas industry

Wireless device friendly – Anti static & Custom grades available

Easy to repair and re-cycle-able

Fireproof / Blast resistance

Hybrid Cool Shelter for Solar Application

Zone 1 (CII Div2)

OUR CEMS PROJECTS

Integration

FAT

FAT with fully functional shelter, SHS, Model Stack fitted with gas, dust, flow, P&T and heated sample line

Packing & Loading for delivery

ENGINEERING

PROCUREMENT

INTEGRATION

FAT AT OUR FACILITY

WATER & WASTEWATER MONITORING

Compact portable

- Routine Lab – Online – Portable In Situ Analyzers
- Covers 60+ Parameters
- Water And Wastewater Treatment Plants Control WWTP And STP Inlet and Outlet
- Drinking Water Control
- Industrial Water Process Control
- Sea Water Monitoring
- Beverages Quality Control

● Agri Farm Outlet Quality Control

● Early Warning And Environmental Water Quality Monitoring Stations

Portable

Process Catalogue

NAAC: Engineered Precision for Oil & Gas Operations.

NAAC is your strategic partner for high-performance components, certified instrumentation, and field-ready spares tailored for the oil & gas sector. From upstream rigs to downstream plants, we deliver Saudi Aramco-compliant solutions with speed, precision, and full documentation support

Our **comprehensive product portfolio** brings together precision-engineered components, advanced equipment, and trusted branded parts that seamlessly support industries such as **automation, laboratory testing, mechanical systems, and fluid control**

PRODUCTS:

- Sealing & Gasket Solutions – High-Temp / High-Pressure Gaskets (NAAC Customised)- Ring Gaskets for Flange Integrity – Heat-Resistant Rubber O-Rings.
- Automation & Instrumentation > Flow, Level, and Pressure Control, ATEX-Certified Sensors & Siemens, Parker: Drives, PLCs, and Control Panel.
- Water, Waste Water Quality Analyzer Equipment Spares and Consumables (Thermofisher).

- High temperature & High Pressure gaskets.
- Ring Gaskets for High temperature Applications.
- High Temperature O-rings.
- Motor Spares and Assembly.
- Pepperl+Fuchs – Reliable industrial sensors and explosion protection devices.
- Ferplast – High-quality plastic components and enclosures.
- Biochem – Specialized valves for bio-processing and fluid control.
- Hy-Lok – Fittings, valves, and tube accessories for high-performance systems.

- Moog – Precision motion control products including valves.
- Parker, Siemens, Micron, and Baldor – Trusted names in automation, electrical, and filtration technologies.

- Sealing solutions.

MECHANICAL SUPPLIES:

- Fasteners & Gaskets
- Flowmeters for accurate flow measurement
- Water Quality Analyzer Cabinets for environmental monitoring
- Motor Components: Including stepper motors and motor parts for precision motion control
- Safety Equipment: Such as advanced smoke detectors for industrial and commercial applications

- High-quality materials (fibreglass reinforced polyester) – good durability, resistance to corrosion etc.
- Customization options – ability to tailor to project needs (size, machining, printing etc.)
- Wide product range + full solutions (i.e. not just “boxes” but also consulting, design, etc.)
- Global scale & certifications – implies reliability, trustworthiness for international clients
- Sustainable practices – increasingly important for many customers
